The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
Los Angeles, California 90012

Dear Supervisors:

**AMENDMENT NUMBER TWO TO AGREEMENT NUMBER 75395  
WITH APPLERA CORPORATION FOR MAINTENANCE AND REPAIR SERVICES  
FOR GENETIC ANALYZERS AND SEQUENCE DETECTION SYSTEMS  
(ALL DISTRICTS) (3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve and instruct the Chair to sign Amendment Number Two to Agreement Number 75395 with Applera Corporation, through its Applied Biosystems Group (Contractor). This amendment will expand the scope of work of the agreement and increase the maximum contract sum from "not to exceed \$230,000" by \$60,000 to "not to exceed \$290,000."
2. Authorize the Sheriff, or his designee, to sign and execute applicable documents of this agreement, when the original contracting entity has merged, been purchased, or otherwise changed; and to execute amendments to meet the needs of the Los Angeles County Sheriff's Department (Department), if it is in the best interest of the County.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended actions is to allow the Contractor to "de-install" genetic analyzers and sequence detection systems located at the Department's Scientific Services Bureau (SSB) at 4020 West Beverly Boulevard and subsequently move and "re-install" them at the new Los Angeles Regional Crime Laboratory at the Hertzberg-Davis Forensic Science Center (HDFSC) at 1800 Paseo Rancho Castilla, Los Angeles. The agreement will also provide repair and preventive maintenance services for new equipment acquired after the agreement was approved in 2005.

*A Tradition of Service*

### Implementation of Strategic Plan Goals

The proposed agreement supports the County's Strategic Plan Goal 2, Workforce Excellence. Specifically, the agreement will enable the Department to ensure the reliable and accurate operation of these genetic analyzers and sequence detection systems in the analysis of DNA evidence.

### **FISCAL IMPACT/FINANCING**

The maximum contract sum will be increased from "not to exceed \$230,000" by \$60,000 to "not to exceed \$290,000" for the period from Fiscal Year (FY) 2005-06 to FY 2009-10. The cost of the move of the genetic analyzers and sequence detection systems to the new HDFSC in 2007 is \$14,105. The additional cost for the repair and preventive maintenance services of one 3130 Genetic Analyzer purchased in 2006 is \$21,500.88 for three years until the end of the contract term. The balance of \$60,000 will be used for emergency repairs and maintenance of additional genetic analyzers to be purchased in the future as necessary.

The Department has identified funding in its annual operating budget in FY 2006-07, and will continue to allocate funds for each subsequent year of the contract term.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The HDFSC is near its completion. The Department's SSB plans to move all its genetic analyzers and sequence detection systems from its current laboratory at West Beverly Boulevard to the new laboratory in July 2007. There are five 310 Genetic Analyzers, two 7000 Sequence Detection Systems, and one new 3130 Genetic Analyzer currently at SSB. The new 3130 Genetic Analyzer was purchased in 2006 and its warranty will expire in late 2007. Repair and preventive maintenance services for this new genetic analyzer will need to be included in the current contract. Repair and preventive maintenance services for the other genetic analyzers have already been included in the current agreement.

This Amendment has been reviewed by County Counsel and approved as to form.

### **IMPACT ON CURRENT SERVICES**

There will be no negative impact on current Department operations and services. Approval of this amendment will enable the Department to ensure that the genetic

analyzers and sequence detection systems continue to operate reliably and accurately throughout the term of the agreement.

**CONCLUSION**

Upon approval by your Board, please return two (2) adopted copies of this action to the Sheriff's Department's Contracts Unit for further processing.

Sincerely,
